As we gear up for another exciting summer at Zachary's Camp, we want to ensure that all campers have a safe and enjoyable experience. With that in mind, we're sharing our food policy to address the diverse dietary needs within our community.

Due to the unique nature of our mobile camp and the multitude of dietary restrictions among our campers, we must implement certain guidelines to ensure everyone's well-being:

### 1. Cost Considerations:

While we strive to accommodate all dietary restrictions, we regretfully cannot cover the additional costs associated with each one. Any special dietary requirements beyond our standard offerings must be covered by the parents or guardians of the camper.

### 2. Limited Heating Facilities:

Our mobile camp setup does not include facilities for heating or warming food. Therefore, we are unable to accommodate meals that require heating.

### 3. Limited Dietary Options:

Please understand that there may be instances where we are unable to provide specific dietary options due to the locations where we set up camp. We will do our best to communicate any limitations in advance.

### 4. Parent Responsibility:

It is the responsibility of parents or guardians to provide alternative snacks or meals for their camper if our offerings do not align with their dietary restrictions. We encourage you to communicate any dietary needs or concerns with us in advance so we can accommodate them to the best of our ability.
